

two

Date : 02/08/2019

Two, a One Workplace affiliate, installed two extra large rectangle panels in Arctic White Motif in a primary gathering place. The showroom said “Whether you’re working solo, or presenting new ideas to your team, the PolyVision Motif Whiteboard expands your visual canvas. The only limit is your imagination.” Installed vertically side-by-side, the surface is used for team meetings to facilitate the creative process.
